ANNUAL REPORTS

OF THE

TOWN OFFICERS

OF

WALPOLE, N. H.

FOR THE YEAR ENDING

JANUARY 31, 1926

KEENE, N. H.
SENTINEL PRINTING COMPANY
1926

1926

(TOWN WARRANT)

THE STATE OF NEW HAMPSHIRE

Cheshire, ss.

To the inhabitants of the town of Walpole qualified to vote in town affairs:

You are hereby notified to meet at the town house in said town on Tuesday the ninth day of March, next, 1926, at nine o'clock in the forenoon, to act on the following subjects:

Art. 1. To choose a town clerk, one selectman for three years, auditors, town treasurer, road agent, collectors of taxes, trustees of public funds, surveyors of wood and lumber, fence viewers, and all other necessary officers.

Art. 2. To raise money for the support of the town poor, for town library, for cemeteries, to build and repair highways and bridges, and such other current and incidental expenses as may accrue.

Art. 3. To see if the town will vote to authorize its selectmen to raise money on notes of the town for current expenses, in anticipation of taxes.

Art. 4. To see if the town will vote to allow a discount on taxes.

Art. 5. To see what action the town will take in regard to accepting state aid for highway construction and appropriate money therefor.

Art. 6. To see if the town will vote to raise such amount as recommended by New Hampshire Highway Department.

Art. 7. To see if the town will vote to accept the provision of Chapter 117, Laws of 1917, on a section of the Mo-

nadnock Road, so-called, and appropriate or set aside from the amount raised for highway work the sum of \$600 for this purpose.

Art. 8. To see if the town will appropriate \$1,500, to oil the streets of Walpole Village and North Walpole, the amount to be divided equally.

Art. 9. To see if the town will vote to appropriate \$30 for Memorial Day.

Art. 10. To see if the town will vote to raise and appropriate \$250 for applying gravel on the Valley Road.

Art. 11. To see if the town will vote to raise and appropriate \$250 for applying gravel on the River Road.

Art. 12. To see what action the town will take in regard to the White Pine Blister Rust, and raise and appropriate \$400 therefor.

Art. 13. To see if the town will vote in favor of granting permits to druggists for the sale of liquor for medicinal, sacramental, scientific and mechanical purposes.

Art. 14. To see if the town will vote to complete the Monadnock Road so-called, or such part as the state and federal governments will approve, and will vote to raise a sum not exceeding \$45,000 therefor, and borrow the whole or any part thereof on such terms and conditions as the meeting shall determine.

Art. 15. To see what action the town will take in reference to accepting the gift given the town by the will of Mary B. D. Hooper.

Art. 16. To see if the town will vote to raise \$2,500 to put in new road construction on Turnpike Street in Walpole Village.

Art. 17. To see if the town will vote to raise \$2,000 for

the purpose of installing a new furnace and cellar under the south end of the town hall.

Art. 18. To see if the town will vote to raise money and what sum for the purpose of graveling the road leading from Hatch's Corner, so-called, past the home of Mrs. Jessie Dearborn to the No. 14 School House.

Art. 19. To see what action the town will take in regard to having the town books audited by a firm of public certified accountants and provide means therefor.

Art. 20. To see what action the town will take to have a town manager, elected or appointed, and provide means therefor.

Art. 21. To see if the town will purchase an executive safe for protection of town clerk's books and records, and appropriate money therefor.

Art. 22. To see if the town will vote to raise \$1,000 to gravel Main Street in North Walpole.

Art. 23. To transact any other business that may legally come before said meeting.

Given under our hands at Walpole this 20th day of February, 1926.

DAN MOYNIHAN,
CHARLES E. SEWARD,
CLARENCE W. HOUGHTON,
Selectmen of Walpole.

F. A. SPAULDING.

Treasurer.

We, the undersigned auditors chosen by the town to settle with the Selectmen and Treasurer, have examined their accounts and find them properly cast and vouched for.

D. W. HAINS

HERMAN O. WOODWARD

P. H. HARTNETT,

Auditors.

Walpole, N. H., February 18, 1926.

Since this report has been audited one thousand dollars appropriated last year to apply on the law suit and bridge note of \$5,000.00 has been paid, also \$600.00 received from the N. E. Tel. & Tel. Co. and Fall Mt. Electric Co. has been applied on same note thus reducing it to \$3,400.00.

F. A. SPAULDING,

Treasurer.

Porter, George P. and Sarah,	1,000 00	45 50
<hr/>		
Total income library funds,		\$360 96

The income derived from Stearns fund is paid into the town treasury, as by the terms of the will, the town is required to pay the sum of one hundred fifty dollars (\$150) a year to Emma Stauffer during her natural life, and at her decease the entire income becomes available for library purposes. All other income from library funds is paid directly to the Library Committee.

Respectfully submitted,

WARREN D. KNOWLTON;
(Term expires 1928)
JOHN M. WOLFE,
(Term expires 1926)
GEORGE B. TIFFANY,
(Term expires 1927)

We have examined the securities held by the Trustees of the Trust Funds of the Town of Walpole, and find them to agree with the foregoing statement.

H. O. WOODWARD,
P. H. HARTNETT,

HERMON O. WOODWARD,
Auditor.

Walpole, N. H., Feb. 18th, 1926.

REPORT OF COMMITTEE ON TOWN LIBRARY

There have been no extensive repairs made on the library building the past year.

The building is in good condition, and since the changes made in the heating plant has been comfortable and easily heated.

We were fortunate in having Prof. Charles T. Copeland of Harvard university with us again last summer, and through his interest in the library, he consented to give another benefit reading. The entire receipts were added to the amount already derived from the readings given the past two seasons. We cannot too highly appreciate Prof. Copeland's personal effort in helping our library.

The stone curbing in front of the building has been finished and when the grounds are seeded down in the spring the approach to the library will be much improved.

Patronage of the Home Library and the North Walpole Branch has slightly increased the past year, and shows a circulation of 11,175 books and magazines. Two hundred and sixteen new books have been added, 88 by purchase and 128 by gift.

The Library Committee respectfully recommends the usual appropriation of \$600 for the ensuing year.

CARLTON E. SPARHAWK,
Treasurer.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Walpole:

I herewith submit my first annual report as Superintendent of Schools, this to cover a period of 20 weeks.

Everywhere I see evidences of fine work begun by your former superintendent, Mr. English. While getting acquainted it has been my effort to carry on his policies.

May I report to you three large movements in the educational field which are spreading throughout the country and in which I hope Walpole may participate.

CHARACTER EDUCATION

1. Character education;—a definite and direct approach to the training of the child in right thinking and in right living. We must have the best teachers possible to undertake this for our children and the closest cooperation between school and home.

HEALTH EDUCATION

2. Health education and healthful conditions especially in the rural schools. The three one room schools in Walpole are in good condition yet we may look forward to having chemical toilets at Drewsville and Christian Hollow, a jacketed stove and electric lights at the Ballam School with sanitary drinking and washing facilities in all three buildings. The teachers are doing excellent work instructing the children in good health knowledge and good health habits yet the attention given to this subject seems to be far from adequate. Cannot the school and home co-operate to do more along this line for our children.

A LONGER SCHOOL YEAR

3. A longer school year, a longer school day, and an enriched curriculum. The move to keep school 37 weeks instead of 36 in 1926-27 is a step in this direction. Probably a longer school day is not feasible in Walpole. We already have music and drawing in our schools. May we not look forward to more of this type of work, possible practical arts for North Walpole and the rural schools, and an orchestra for Walpole.

BUILDINGS

The school buildings are in good condition. Although no alterations or major improvements have been made, all necessary minor repairs have been attended to. A large number of desks at North Walpole were resurfaced and refinished during the summer. A supply room was built in the basement of the elementary building at Walpole to provide needed storage space.

FINANCES

The financial condition of the district is sound. Last year's budget is proving sufficient to maintain our schools and school costs are relatively stable.

On the advice of the State Department the district has enlarged its bookkeeping, thus becoming a class A school district instead of a class B district. The principal change involved is the distributing of expenses on the books between high school and elementary schools. This increases considerably the work of the chairman of the school board.

May I express my appreciation of the cordial support given me by the School Board, the teachers and the citizens of Walpole.

I invite your careful consideration of the following reports.

Respectfully submitted,

WILLIAM SLADE, JR.,

Superintendent of Schools.

REPORT OF HEADMASTER NORTH WALPOLE HIGH SCHOOL

William Slade, Jr.,
Supt. of Schools,
Walpole, N. H.
Dear Sir:

I submit herewith my report on the condition of the North Walpole schools.

TEACHERS

A school is no better than the general tone of its teaching force. The ideals of the teacher are the ideals of the school. Our staff is an earnest working group; striving to give their best to the training of their pupils. Two new teachers were added to our corps this year, Zoe Dube, a graduate of Plymouth Normal School, who took charge of the eighth grade and the Commercial Subjects in the High School, and Miss Elizabeth McNamara, a graduate of Keene Normal School, who is teaching the sixth grade.

DISCIPLINE

The discipline, in general, is good, and, I believe, would compare favorably with other schools. In reaching this goal, we have insisted upon obedience to and respect for the teachers, and the necessity of good order as a prerequisite for the acquisition of good results in teaching as well as for the development of proper social habits.

ATTENDANCE

Reports on attendance made daily and monthly show a high average from the eleven grades, with a total of 290 pupils. The monthly averages, except in a few instances, were above

95% in all grades. There have been too many cases of apparently unnecessary tardiness. We feel that the parents could assist us in forming habits of punctuality.

SCHOOL VISITS

We would like to see more parents visit the school while it is in session. The number of parents who do so is small. Much good comes from such visits. They benefit the parent, the teacher and the pupil. We urge the parents to obtain more intimate knowledge of school work by personal inspection.

ASSEMBLY

Every Friday afternoon we have an assembly of Grades 8, 9 and 10. Current event reports, recitations, and musical selections are given by the pupils at this session. Occasionally, we invite an outside speaker to address the pupils. The headmaster also speaks to the pupils at this time on matters relative to their interest.

SCHOLARSHIP

We urge the cooperation of the home in our efforts to maintain a high standard of scholarship. Home tasks should be supervised, school reports studied and causes of poor marks investigated. More mechanical work should be provided for our boys in the higher grades. The girls, also, should have some instruction in practical arts. To this end we are readjusting the general science work of the eighth grade.

The need for development of better habits of good reading among our children calls for study. A library, open more often, or a better system of library and school cooperation might help the situation.

PLAYGROUND

Our school is favorably situated for the pursuit of healthy outdoor recreation by the children. Paraphernalia for many outdoor sports has been provided. One thing needs correction,

and that is prevention of the damage to the slides and swings by outside parties after school hours. A determination on the part of the community that the only means provided in the town for the playground enjoyment of the children shall not be periodically damaged, will remedy this abuse.

NEWSPAPER REPORTS

Through the medium of the Bellows Falls Times we endeavor to tell weekly what our children are doing in school. Reports of classwork, interspersed with intimate personal results and activities of the pupils are given. This provides a means of communication between home and school.

Respectfully submitted,

JAMES A. RUSSELL,

Headmaster.

REPORT OF HEADMASTER WALPOLE HIGH SCHOOL

To superintendent William Slade, Jr:

I herewith submit my third annual report as headmaster of the Walpole High School.

REGISTRATION

The total registration for the school year ending June, 1925, was 82 pupils, 30 boys and 52 girls. The total enrollment of the High School to date for the year 1925-26 is 76 pupils, 29 boys and 47 girls.

There has been an unusually large number of withdrawals and transfers this year leaving 68 pupils attending at present.

The problem of tardiness and frequent one-day absences is greater this year than in previous years.

There are at present 24 tuition pupils in the High School.

Of 13 members of the class of 1925 who were graduated, 11 are taking up work of a post secondary nature.

ORGANIZATION

The Walpole High School has been certified by the State Commissioner of Education as an approved high school for the school year ending June 30, 1926. The school is also approved by the New England College Entrance Certificate Board and bears the privilege of certifying students to Dartmouth and Vermont.

We are operating on a three-term basis of twelve weeks each, which meets the minimum requirements of the state as a legal school year. The second term and the third term might well be broken up by a week's vacation in the best interests of the pupils.

The Senior High School staff consists of five members, three of whom are new and beginning teachers this year. They have shown a willing spirit and active co-operation which should insure a successful year.

There are some factors which hamper the best organization of the school, such as the lack of a Parent-Teacher Association, **lack of a suitable school library** and an unusually large percentage of the school population coming in on school teams which does not allow for extra help or work of any nature after the close of school in the afternoon.

AGRICULTURAL DEPARTMENT

The Agricultural Department is under the supervision of Mr. Paul Farnum and open to those boys who desire a practical **course in agriculture**. Fourteen boys registered in the course this year.

The courses of study for the freshman-sophomore class deal with animal husbandry problems and shopwork. Most of the animal husbandry work has to do with poultry and dairy cattle enterprises. In shopwork forging and harness repair work are most important. The upper classes take up farm management problems with shopwork in automobile repair.

DOMESTIC ARTS

This course is elective and open to the girls from all departments of the school.

The freshman class of eight girls is studying household appliances. In this course the aim is to make the work easier in the home through the study and use of appliances for heating, lighting, ventilating and cooking. Interest is cultivated by frequent excursions.

The sophomore and junior girls form the class in household organization and management. In this course types of houses and their construction are studied. Original houses are planned, furnished and equipped. The management of the home; planning work, meals, budgets, etc., is also discussed.

The girls in the senior class, numbering nine, do advanced dressmaking, millinery and also make a study of textiles. The aim is to enable them to clothe themselves economically, attractively and appropriately.

In June a style show is held showing the correct method in dress for school girls.

A hot lunch is prepared under Miss Bruder's supervision and served by the girls who stay at noon.

ASSEMBLIES

Monday, Wednesday and Friday mornings twenty minutes are given to chapel exercises. In general Monday assemblies are conducted by the various teachers while the Wednesday exercises are in charge of the Blue and White Club who endeavor to have outside people instruct or entertain the school. I wish to take this opportunity to thank the townspeople for their generous cooperation in this matter. Friday mornings are given over to rhetoricals delivered by members of the senior class.

ATHLETICS :

The High School is deeply indebted to the town for the use of the town hall for basketball. The interest of the school in this sport has risen steadily in the past three years and the school has been represented by very creditable teams. The boys' team have been champions of Cheshire County for two years and are well on their way to it for a third. The benefits to the individual members of the team, to the school as a whole and to the town are of inestimable value. I would like to thank Mr. Cahalane for his many evenings gratuitously given to the basketball team.

SCHOOL PAPER

The school paper, The Warbler, was initiated last year. It is being carried forward this year under the direction of

Miss Penniman. At present 150 copies are printed. The material is all contributed by students and is representative of every class and group in the school affording much valuable practice in composition.

Respectfully submitted,

R.W. TOTMAN,

Headmaster.

MUSIC SUPERVISOR'S REPORT

To Superintendent William Slade, Jr.:

I herewith submit my sixth annual report as Supervisor of Music in the Walpole Public Schools.

The first aim in public school music is appreciation through learning the correct use of the voice, and knowing and loving music. The second aim is the recognition of beauty in music through analysis and technical study.

The first six grades have a 15 minute music period four days a week and a 30 minute period with the supervisor on the fifth day. In the Junior and Senior High Schools music takes the form of a general chorus each having two 35 minute periods a week one with the teacher and one with the supervisor.

Two operettas and a musical playlet were given during the year 1924-25, and the proceeds used for phonograph records.

Some work has been done with a small orchestra using the material available. The field of instrumental music is very broad and much could be done in this line by having class work in the upper grades for violins, cornets and other instruments. With proper equipment this is possible. In a year or two a school orchestra could be organized which would meet once or twice a week. Then when these children reach high school it would mean a fine large orchestra giving pleasure to the performers and to other pupils in the school as well as being of large significance in the social and recreational activities in the neighborhood.

In conclusion I wish to thank the School Board and the Superintendent of Schools for their assistance and the teachers for their cooperation.

Respectfully submitted,
HAZEL BROWN,
Supervisor of Music.

REPORT OF SUPERVISOR OF DRAWING

To the Superintendent of Schools:

I herewith submit my first annual report of Walpole schools.

Teachers are presented a monthly outline of the course in order that they may understand the subject, and teach the second lesson each week.

The schedule allows one day in Walpole and one day in North Walpole with classes in elementary grades, junior high and high school.

September, October and November months were devoted to drawing from nature. Indirectly this taught proportion and made the children more observing.

Construction work was carried on throughout December. This involves measurement and the ability to cut, fold and paste neatly. Many small Christmas gifts were made.

In January the necessary principles of color were taught, giving the pupil a knowledge by which they can recognize color, and be able to distinguish between good and bad taste.

The subjects for February are Design and Interior Decoration. Interior Decoration teaches the necessary and correct home furnishings.

March will be devoted to lettering. Lettering requires exact, careful lines. It is the best method by which a child can learn to control his hand.

In April the students draw from objects and from memory.

During May the students will draw from imagination—make their own pictures under guidance of the teacher.

In June the pupils draw from Nature—flower forms.

Picture study, an important part of the course, is a careful

study of good pictures. The student in this way becomes familiar with the best art.

It is the endeavor of the supervisor to develop a sense of beauty and bring out any natural talent the child may have.

Respectfully submitted,

SHIELA K. McCARTHY,

Supervisor of Drawing.

REPORT OF SCHOOL NURSES

To the Superintendent of Schools:

The pupils of Elisha Keep and Mt. Kilburn schools were examined during the year and physical defects reported to parents.

It has been gratifying to observe that treatment was secured in many cases as a result of this examination.

GRACE E. MOORE,
School Nurse.

To the Superintendent of Schools:

The children of the Walpole schools have had physical examinations the past year.

Many have needed treatment.

Most underweight children have had free examination by our state physician.

Teachers have cooperated in efforts to guard against contagious diseases.

A few children have had dental care but many more are in need of it.

CHARLOTTE M. LANE,
School Nurse.
